11. Governing and Executive Bodies of Subsidiaries

The powers of the governing and executive bodies of the subsidiaries are limited to their non-transferable statutory obligations, which they have to exercise in the best interests of the Group to the extent permitted by law.

The supervisory bodies (Board of Directors, Supervisory Board, etc.) of the subsidiaries consist of members of the operational management (e.g. CEO, COO, CFO, EVP SSG) of the Group. The principle of the separation of the supervisory and executive functions must be observed to the extent that is possible, sensible and permitted by law.

The supervisory bodies of the subsidiaries should be kept as small as possible under the law, but should still be of a sensible size in operational terms.

The Group Executive Committee is responsible for issuing the general directives and guidelines that are needed to manage the subsidiaries.
